CEO AND MANAGEMENT REPORTS

Chief Executive Officer Update

Richard Sanchez, Interim Chief Executive Officer, introduced himself to the Committee and discussed his background with the Orange County Health Care Agency (OCHCA) and his familiarity with the Whole-Child Model program and with California Children Services (CCS).

Chief Operating Officer Update

Ladan Khamseh, Chief Operating Officer, expressed her gratitude to the leadership provided by Michael Schrader the past seven years and welcomed Richard Sanchez to CalOptima. Ms. Khamseh deferred her report to allow more time for the presentations.

Chief Medical Officer Update

David Ramirez, M.D., Chief Medical Officer, noted during his update that CalOptima is continuing to focus on key performance indicators and authorization requests for elected procedures. Dr. Ramirez also mentioned that the Whole-Child Model is approaching its one year anniversary with CalOptima. Dr. Ramirez asked Tracey Hitzeman, Executive Director of Clinical Operations to provide an update on the continuity of care period which is nearing its conclusion.

INFORMATION ITEMS

Whole-Child Model Member Updates

Chair Byron reminded the members whose seats were expiring on June 30, 2020 that they would need to reapply before the deadline of April 30, 2020. She also noted that the Committee still has two Authorized Family Member Representative openings and asked the members to help recruit for these open seats. Chair Byron also formed an ad hoc committee to review and score the applications received from the recruitment of which Member Deeley agreed to serve on. Chair Byron asked the remaining eligible members to contact Cheryl Simmons with their interest in serving on the ad hoc. Chair Byron also noted that the committee would be approving the new meeting schedule for 2020-21 at their June 23, 2020 meeting.

CHOC Children's Thompson Autism Center Presentation

Jonathan T. Megerian, M.D., a Board-Certified Pediatric Neurologist at Children's Hospital of Orange County (CHOC) provided a comprehensive presentation on CHOC's new Thompson Autism Center. Dr. Megerian described the benefits and services that are being offered at the state-of-the-art center which opened in January 2020. Dr. Megerian also provided an overview of the assessment clinic, the challenging behavior unit, and the co-occurring clinic which is available to children and their families, which elicited questions and discussion from the committee members.

Coronavirus (COVID-19) Update

David Ramirez, M.D., Chief Medical Officer and Miles Masatsugu, M.D., Program of All-Inclusive Care for the Elderly (PACE) Medical Director, provided an informative presentation on COVID-19. Dr. Ramirez discussed Orange County's current testing capabilities, CalOptima's COVID-19 response in educating members and ensuring their timely access to care.

Federal and State Legislative Update

TC Roady, Director, Regulatory Affairs, provided a verbal update on the State and Federal Government's COVID-19 response including Department of Health Care Services (DHCS) and Centers for Medicare and Medicaid Services (CMS) guidance.

Cultural and Linguistics Update

Carlos Soto, Manager, Cultural and Linguistics, provided a brief overview of the cultural and linguistic services offered to CalOptima members. Mr. Soto's discussion included member utilization data of telephonic, face to face interpreter and translation services and how Cultural & Linguistics utilizes both internal staff and contracted vendors to ensure members are provided with timely translation and interpretation services.

ADJOURNMENT

Chair Byron announced that the next regular meeting would be held on Tuesday, June 23, 2020 at 9:30 a.m.

Hearing no further business, Chair Byron adjourned the meeting at 11:44 a.m.

MEMORANDUM

DATE: May 27, 2020

TO: CalOptima Board of Directors

FROM: Richard Sanchez, Interim CEO

SUBJECT: CEO Report — June 4, 2020, Board of Directors Meeting

COPY: Sharon Dwiers, Clerk of the Board; Member Advisory Committee; Provider Advisory Committee; OneCare Connect Member Advisory Committee; and Whole-Child Model Family Advisory Committee

California Proposed State Budget Would Significantly Alter Medi-Cal Program

On May 14, Gov. Gavin Newsom released a revised FY 2020–21 state budget proposal (May Revise) that accounts for the significant negative impact of COVID-19. The proposed budget totals \$203.3 billion, with General Fund spending at \$133.9 billion. This represents a decrease of \$18.9 billion from the governor’s January budget proposal. Below are summaries of key impacts:

- *Medi-Cal Cuts and Changes:* Regarding Medi-Cal, the May Revise increases the budget to \$115.3 billion, compared with the January budget proposal of \$107.4 billion. This is due to a projected Medi-Cal enrollment increase, peaking at 14.5 million beneficiaries.

However, to balance the budget, the May Revise includes major Medi-Cal impacts through multiple program cuts and withdrawn or delayed initiatives. Among these are cutting Medi-Cal managed care plan rates by 1.5% for the 18-month bridge period of July 1, 2019–December 31, 2020, and further cuts for Calendar Year 2021; eliminating a dozen optional Medi-Cal benefits and two programs for seniors, Community-Based Adult Services (CBAS) and Multipurpose Senior Services Program (MSSP); redirecting Proposition 56 funds away from supplemental payments and toward program growth; delaying California Advancing and Innovating Medi-Cal (CalAIM); and withdrawing the January proposal to expand Medi-Cal to undocumented seniors. These and other proposals are further summarized in the staff analysis that follows my CEO Report.

In terms of next steps, the Legislature will hold budget hearings and has until June 15 to pass and submit a final state budget for the governor’s approval. Furthermore, the proposals to eliminate the optional benefits, CBAS and MSSP will require federal approval before implementation and could potentially be avoided with an infusion of federal funding.

- *MSSP:* The proposed budget calls for eliminating MSSP no sooner than July 1, 2020, to save approximately \$22.2 million statewide. CalOptima has approximately 450 members in MSSP and a staff of 18 dedicated to the program. To address the proposal’s potential impact on CalOptima employees, medical and Human Resources leaders met virtually with the MSSP team. They explained that CalOptima is actively engaged in advocating to retain the program, but if a transition is necessary, the priority is retention and moving staff to other open positions at CalOptima as their skills and qualifications allow.
- *CBAS:* The state’s proposal to eliminate the CBAS program by January 1, 2021, is generating response from affected organizations, including a request that CalOptima convey to the state that CBAS saves money while positively impacting members’ health. CalOptima’s state associations, the California Association of Health Plans and Local Health Plans of California,

are actively engaged in protecting the stability of the Medi-Cal program by advocating for federal funding that would curb the need to cut benefits and programs. In a May 24 hearing of the State Senate Budget and Fiscal Review Committee's health and human services subcommittee, there appears to be a level of support for retaining CBAS and MSSP, but the outcome will be unknown until the budget is approved.

Full Board to Consider Revised Operating Budget With Reduced Administrative Costs

The May 21 Finance and Audit Committee (FAC) meeting included a robust discussion about CalOptima's FY 2020–21 operating budget, with a proposed consolidated deficit of approximately \$61.7 million. This is heavily impacted by the May Revise's proposal to cut Medi-Cal capitation rates for the 18-month bridge period of July 1, 2019–December 31, 2020, as well as the upcoming Calendar Year 2021. CalOptima has proposed absorbing the revenue reductions from the May Revise instead of passing them to health networks and fee-for-service providers. However, CalOptima is moving forward with a rate rebasing effort that recommends cuts to Medi-Cal Classic capitation rates and continued right sizing of Medi-Cal Expansion capitation rates, as well as a reduction to OneCare Connect hospital capitation rates. FAC members asked staff to reexamine the proposed consolidated administrative expenses of \$166.3 million and make reductions where possible. Therefore, FAC did not approve the operating budget and advised that the full Board consider the revised budget on June 4.

Ongoing COVID-19 Response Focuses on Communication, Collaboration

In the 10 weeks since CalOptima received confirmation of our first COVID-19 case, staff remains committed to the comprehensive, collaborative response required of us as the health plan that covers nearly 25% of all Orange County residents. As of May 26, CalOptima has received reports of 605 positive cases, 355 hospitalizations and 16 deaths among our members.

- *Member Communications:* CalOptima recently enhanced our COVID-19 member section on the website [here](#). It was updated and reorganized for ease of use, and it is available in all seven threshold languages.
- *Provider Communications:* One of CalOptima's top priorities amid the pandemic is keeping providers informed about myriad regulatory changes and the latest news. CalOptima distributes material electronically and via fax. Dozens of updates were added in May. View the provider section [here](#).
- *Orange County Nursing Home COVID-19 Prevention Team Program:* There is widespread concern about the heavy toll COVID-19 is having in nursing homes, and CalOptima is proudly promoting a new program to reduce infection rates. After your Board's May 7 approval of CalOptima's collaborative effort with UCI and Orange County Health Care Agency, we distributed a [media release](#) that garnered immediate attention. The Orange County Register ran articles on [May 8](#) and [May 22](#), while the Los Angeles Times published a piece on [May 14](#). NBC's Vikki Vargas did a TV news segment on May 13 viewable [here](#).
- *Komen Orange County Webinar:* On May 26, Executive Director of Quality and Population Health Betsy Ha participated in the Komen OC webinar educational series "Caring Through COVID-19 Together," along with Komen CEO Megan Klink. Ha discussed Medi-Cal coverage for breast health and cancer, including details about the Breast and Cervical Cancer Treatment Program and the importance of continuing to get mammograms.
- *Clinical Field Teams (CFTs):* CalOptima appreciates the ongoing partnership of our CFT organizations in serving individuals experiencing homelessness amid the pandemic. Data from mid-April to mid-May shows that activity remains constant. CFTs treated 40 patients,

and 24 were CalOptima members. Twenty referrals came from shelters, and the other half were from county and city outreach teams. COVID-19 drove a transition to telehealth visits with CFTs, and 16 visits have been completed using a telehealth approach since April.

- *Return to 505 Building:* With California beginning to relax the Stay-at-Home Order based on certain criteria, CalOptima is starting internal discussions regarding employees returning to the building. Currently, there is no specific timeframe for this, and we are gathering information shared by other health plans during collaborative calls. The executive team recognizes that significant short- and long-term modifications to our workspace will be necessary, including perhaps maintaining a higher percentage of teleworking staff. I will keep your Board informed as we develop a plan.

Mental Health Awareness Month Highlights Intensified Needs During Pandemic

May is national Mental Health Awareness Month, and CalOptima has amplified our longstanding support for this effort that promotes mental wellness. We have conducted a variety of activities to raise awareness among staff, members and the public. Internally, CalOptima has distributed many resources and engagement opportunities to staff via email. Our social media channels have carried regular messages about how to get help when needed and/or take action to boost wellness. On May 31, Edwin Poon, Ph.D., director of Behavioral Health Services, will be featured during a 30-minute interview about mental health during the COVID-19 pandemic on Tammy Trujillo's Community Cares program, on Angels Radio (KLAA-AM 830).

CalOptima Holds Key Meetings With Health Network Partners

The pace of change requires ongoing engagement with our health network partners, and this month, CalOptima invited their participation in two key meetings that provided information about financial, operational and medical topics.

- Health Network CEO Meeting — On May 19, CalOptima engaged health network leaders with updates about our Homeless Health Initiatives and COVID-19 response, but spent the majority of the time discussing detailed financial issues, including the Medi-Cal and OneCare Connect rate rebasing process, CalOptima's FY 2020–21 budget, and the OneCare Connect/OneCare risk adjustment overreporting reconciliation project.
- Health Network Forum — On May 21, CalOptima's health networks received a variety of updates essential to ongoing collaboration and operation. Staff addressed contracting changes, COVID-19's impact on quality reporting, the expanded office hours initiative, continuity of care for Whole-Child Model and Health Homes Program status. The forum also spent considerable time covering the May Revise and CalOptima's FY 2020–21 budget.

Board Ad Hoc Committee on Delivery System Evaluation Holds First Meeting

On May 18, the Board ad hoc committee formed to consider the delivery system evaluation met for the first time. Pacific Health Consulting Group and Milliman Inc. delivered a comprehensive final report that contained a variety of recommendations, and the ad hoc will be studying the various strategies to enhance CalOptima's delivery system. The ad hoc plans to meet every other week, with a goal of bringing selected recommendations back to the full Board for action and implementation. The final report is available as part of the February 6 Board materials [here](#).

Prospect Medical Group to Acquire Additional Physician Practices to Expand Network

Contracted health network Prospect Medical Group announced it is expanding through the acquisition of three independent physician practices in Southern California. Prospect plans to buy certain assets of CalCare IPA, Los Angeles Medical Center IPA and Vantage Medical

Group. The transaction will double Prospect's network to more than 20,000 doctors. Prospect serves about 34,500 CalOptima Medi-Cal members and 2,200 OneCare Connect members.

CalOptima to Participate in Assemblywoman's Update on Homelessness

On May 29, Assemblywoman Sharon Quirk-Silva is hosting an interactive, virtual update on Orange County's homelessness issue in light of the pandemic. I will participate on behalf of the agency by sharing information regarding our Homeless Health Initiatives and services for the local homeless population.

Projects for Real Estate Consultant Reprioritized

Earlier this year, CalOptima engaged real estate consultant Newmark Knight Frank for work in three main areas: office space and parking assessment, Program of All-Inclusive Care for the Elderly (PACE) lease renewal, and CalOptima development rights evaluation. Due to the COVID-19 pandemic, CalOptima has reprioritized these tasks. While the consultant will continue to monitor the local commercial real estate market, management will reevaluate future office space and parking needs based on the changing conditions of increased employee telework and potential membership growth. Therefore, this aspect of the consultant's work has been postponed until after the internal review is complete. The consultant is moving forward with work on the PACE lease, which expires December 2021, by starting negotiations with the PACE landlord. The goal is to bring a proposal to the Board for review later this year. Regarding the development rights for the 505 City Parkway West property, CalOptima has already had an initial meeting with the City of Orange planning managers and identified a two-phase approach. First, we will seek an extension of the existing, unmodified development rights past the October 2020 expiration. In the second phase, with assistance from the consultant, staff will evaluate other development options and bring those recommendations to the Board for consideration.

A patient must seek mental health or dental treatment on a subsequent day for an FQHC to receive reimbursement for that service. This bill would distinguish a medical visit through the member's primary care provider and a mental health or dental visit as two separate visits, regardless if at the same location on the same day. As a result, the patient would no longer have to wait a 24-hour time period in order to receive medical and dental or mental health services, while ensuring that clinics are appropriately reimbursed for both services. Additionally, acupuncture services would be included as a covered benefit when provided at an FQHC.	09/13/2019 Carry-over bill; Moved to inactive filed at the request of the author 08/30/2019 Passed Assembly Committee on Appropriations 05/23/2019 Passed Senate floor 01/08/2019 Introduced	CalOptima: Watch CAHP: Support LHPC: Co-Sponsor, Support

About CalOptima

CalOptima is a county organized health system that administers health insurance programs for low-income children, adults, seniors and people with disabilities. As Orange County's community health plan, our mission is to provide members with access to quality health care services delivered in a cost-effective and compassionate manner. We provide coverage through four major programs: Medi-Cal, OneCare Connect Cal MediConnect Plan (Medicare-Medicaid Plan), OneCare (Medicare Advantage Special Needs Plan), and the Program of All-Inclusive Care for the Elderly (PACE).
