

## **Prior Authorization Procedure Codes**

## **Important Information for Members**

Prior authorization is an approval for medical services given by your health network. These services include:

- specialty care
- inpatient/outpatient hospital care
- ancillary care
- home health care
- medical supplies
- durable medical equipment (DME)
- non-emergency medical transportation

If you would like to request a prior authorization, please contact your primary care provider (PCP) or specialist.

## **Important Information for Providers**

- All elective services at tertiary level of care centers require prior authorization. Tertiary care is specialized care that is requested by a member's PCP or specialist physician. Approval will require that services can only be provided at a tertiary level of care. Requests must include a reason for that level of care
- Effective November 1, 2013, CalOptima no longer requires prior authorization for dialysis.
- **All unlisted/miscellaneous/"by report" codes require prior authorization.** Each unlisted code requires item description /catalog page/invoice.
- **Non-contracted providers:** All services provided to CalOptima Community Network (CCN) members by non-contracted providers require prior authorization, regardless of whether the codes are listed on the CalOptima Authorization Required List.
- Codes not on this list and that are not on the "Services that Require Authorization" sheet, do not require prior authorization. However, they are subject to Medi-Cal benefit and quantity limitations. Please check the Medi-Cal website for these determinations.
- CalOptima does not require prior authorization for wheelchair repairs costing less than \$250. Covered benefit and frequency limitations will continue to apply.
- **Inpatient:** All scheduled inpatient admissions require prior authorization, whether the code is on the prior authorization list or not.

This is only a list of prior authorization procedure codes. It is not a complete description of benefits. For more information contact CalOptima or read the Member Handbook.
