CEO AND MANAGEMENT REPORTS

Chief Executive Officer Update
Richard Sanchez, Interim Chief Executive Officer, provided a verbal update regarding CalOptima’s budget that had been approved at the June 4, 2020 Board meeting. Mr. Sanchez also noted that Governor Newsom had announced the approval of the California state budget which contained no cuts to the Department of Health Care Services (DHCS) health plan funding. Mr. Sanchez also updated the committee on the recruitment of the new CalOptima Board Members who were selected by the Orange County Board of Supervisors at their meeting on June 2, 2020. The new Board members will be seated for the August 6, 2020 Board meeting.

Chief Medical Officer Update
David Ramirez, M.D., Chief Medical Officer, provided a brief update on CalOptima’s search for a new texting vendor that will be used for outreach to CalOptima members this Fall with pertinent flu information. Dr. Ramirez also announced that CalOptima performed above the Quality Measure benchmark which included providers and community partners.

INFORMATION ITEMS

OCC MAC Member Updates
Chair Mouton reminded the Committee that the Long-Term Services and Supports Representative and a Member/Family Member Representative seats are still open and asked the members for help in recruiting qualified candidates. She also reminded the members that the committee would be considering a recommendation for the Chair and Vice Chair seats at the upcoming August 27, 2020 meeting and to let Cheryl Simmons know if they would like to be considered for one of these positions. Chair Mouton also announced that there would be a Joint Meeting on October 8, 2020 for all Board Advisory Committees.

Coronavirus (COVID-19) Presentation
Emily Fonda, M.D., Deputy Chief Medical Officer presented a COVID-19 update. Dr. Fonda also provided a detailed overview of CalOptima and Orange County’s testing capabilities and CalOptima’s COVID-19 response in educating members to ensure access to care. Dr. Fonda also updated the OCC MAC members on the status of CalOptima’s temporary telework status.
Federal and State Legislative Update
TC Roady, Director, Regulatory Affairs and Compliance, provided a verbal update on the State and Federal Government’s COVID-19 response including DHCS and Centers for Medicare and Medicaid Services (CMS) guidance. Mr. Roady discussed the State budget which was approved on June 15, 2020 and noted that there were no cuts to the Community Based Adult Services (CBAS) and Multipurpose Senior Services Program (MSSP) Program.

Ombudsman Report
Sara Lee, Lead Attorney, Community Legal Aid SoCal, reviewed the Ombudsman presentation on items related to OneCare Connect services and member concerns including the proper way to obtain personal protective equipment (PPE) due to COVID-19 and what items were being covered by prescription for the OCC members. Kristin Gericke, Director, Pharmacy Management explained the coverage and how the members could obtain the gloves and disinfectant but noted that the vendor was out of stock on these items.

CalOptima Members Experiencing Homelessness Update
Mary Botts, Manager, Enterprise Analytics, presented on CalOptima members experiencing homelessness. Ms. Botts reviewed the CalOptima Homeless Population Clinical Report Card, Medi-Cal Homeless Enrollment Trends, and the Homeless Utilization Trends. She noted that CalOptima’s Board of Directors had approved the expansion of the Homeless Clinical Access Program (HCAP) incentives which would include clinical field team services and telehealth visits.

ADJOURNMENT
Chair Mouton announced that the next regular meeting is scheduled for Thursday, August 27, 2020 at 3:00 p.m.

Hearing no further business, the meeting adjourned at 4:38 p.m.

California Budget Enacted With Medi-Cal Rate Reduction But No Program Eliminations
On June 29, Gov. Gavin Newsom signed California’s FY 2020–21 budget after the Legislature and Administration agreed on a plan to balance an estimated $54 billion deficit brought on by the COVID-19 pandemic. While the budget still contains Medi-Cal rate cuts, the elimination of optional benefits and programs for seniors was not approved. Therefore, the budget provisions are consistent with CalOptima’s Board-approved FY 2020–21 operating budget. Effective July 1, the state budget impacts Medi-Cal as summarized below:

- **Benefits:** Rejects the elimination of Community-Based Adult Services (CBAS) and the Multipurpose Senior Services Program (MSSP) and preserves funding for 12 optional Medi-Cal benefits.

- **Managed Care Capitation Rates:** Approves a 1.5% rate reduction, implements a risk corridor calculation for the period July 1, 2019–December 31, 2020 (18-month bridge period) and implements efficiencies in the development of managed care plan rates.

- **Proposition 56:** Rejects the Administration’s proposal to eliminate Proposition 56 supplemental payments but suspends payments on July 1, 2021, unless certain state fiscal conditions are met.

- **Managed Care Organization (MCO) Tax:** Approves the Administration’s estimate of net revenue from the MCO tax of $1.7 billion.

- **Medi-Cal Expansion:** Expands full-scope Medi-Cal to undocumented older adults only if specific revenue projections for the next three years exceed the cost of providing benefits.

- **California Advancing and Innovating Medi-Cal (CalAIM):** Approves the Administration’s withdrawal of funding to support CalAIM.

- **Pharmacy Carve-Out:** Approves the Department of Health Care Services (DHCS) budget request for resources to implement Medi-Cal Rx.

State Files 1115 Waiver Extension Request to Approve Programs Until 2021
On July 22, DHCS requested a 12-month extension of the federal waiver under which the majority of Medi-Cal operates. California’s Section 1115 Medicaid waiver, known as Medi-Cal 2020, was approved by the Centers for Medicare & Medicaid Services (CMS) on December 30, 2015, and is effective through December 31, 2020. Following the end of the waiver period, DHCS had intended to launch CalAIM to continue important programs authorized through Medi-Cal 2020. However, COVID-19 necessitated a delay in CalAIM so the health care delivery system can focus on the pandemic. The extension request’s stakeholder process includes a 30-
day public comment period and two public hearings on August 7 and 10. CalOptima will keep your Board informed about the progress of the extension request.

New Long-Term Care at Home Medi-Cal Benefit Proposed, Driven by Pandemic

On May 22, DHCS and the California Department of Aging announced the development of a new Long-Term Care at Home benefit for Medi-Cal, aimed at reducing the nursing home population amid the pandemic by offering a coordinated and bundled set of medical and home- and community-based services. According to the proposal, services will be tailored to individual needs based on a person-centered assessment and provide choices for individuals about where to live and how to receive care. Stakeholder feedback in June resulted in modifications to the original proposal, and a updated benefit design document was released July 17 here. The document provides a more detailed overview of the proposed benefit, including its key goals, target populations, model of care, financing structure, federal authority, and public stakeholder process. DHCS will seek approval from CMS for this benefit, with a plan to launch it in 2021. To help shape the benefit, CalOptima has provided feedback through our state associations; however, we remain concerned regarding the aggressive timeframe for implementation and other operational and clinical issues.

COVID-19 Response Encompasses a Wide Range of Efforts From Clinical to Operational

CalOptima continues to respond to the intense needs of our members as we enter the sixth month since Orange County declared a local health emergency. From our first case until July 27, CalOptima has reported 2,201 positive cases, 1,138 hospitalizations and 165 deaths. Below are updates in several key areas of pandemic response.

- **Redetermination Extension:** On July 23, the federal government extended the public health emergency order another 90 days, until October 24, 2020, and DHCS announced that it will extend the freeze on Medi-Cal redeterminations accordingly. During a call about COVID-19, state officials shared that DHCS is not experiencing the enrollment spike up to 2 million new enrollees as previously expected. April enrollment data show a decrease in female applicants compared with male applicants, and children ages 0–17 make up the bulk of applications.

- **Member Communications:** CalOptima enhances the COVID-19 member section on the website on an ongoing basis. For example, we recently added the expanded list of COVID-19 symptoms released by the CDC. Member content is available in seven threshold languages.

- **Provider Communications:** The breadth of the COVID-19 provider section reflects the challenging nature of delivering health care during the pandemic, given numerous regulatory changes and financial demands. Toward the latter, CalOptima communicated the opportunity in June for providers to obtain financial support from the $25 billion Medicaid Relief Fund: $15 billion for Medicaid providers and $10 billion for safety net hospitals. To be eligible, providers must have directly billed for recent Medi-Cal services and must not have received prior provider relief payments. The payment will be at least 2 percent of reported gross Medi-Cal revenue for a specified period.

- **Suicide Prevention:** In early July, DHCS, the California Department of Public Health and the Office of the California Surgeon General reached out with a letter for all California medical and behavioral health providers, to communicate concerns about COVID-19’s immediate and long-term impact on mental health. The letter urges providers to ask four suicide screening questions developed by the National Institute on Mental Health and offers instructions and resources about what to do if someone is identified as at-risk.
• **Nursing Home Support:** CMS recently announced funding and testing initiatives to further protect nursing home residents. Up to $5 billion of the Provider Relief Fund will be authorized for Medicare-certified long-term care facilities to boost facilities’ response to COVID-19. They must participate in a training program to qualify to receive the funding. Further, CMS will begin requiring — rather than recommending — that all nursing homes in states with a 5% or higher positivity rate test all staff each week. This new staff testing requirement will enhance efforts to keep the virus from entering and spreading through nursing homes by identifying asymptomatic carriers. Meanwhile, our local efforts continue in partnership with UC Irvine and the Orange County Health Care Agency (HCA) to support infection control in nursing homes, including hosting a July 9 webinar offering resources in a new toolkit [here](#).

• **Anaheim Testing Super Site:** On July 14, the HCA and City of Anaheim jointly announced a new drive-through testing super site at the Anaheim Convention Center. CalOptima has promoted this site on social media and in our weekly COVID-19 electronic newsletter to hundreds of community-based organizations.

• **Multilingual Ad Campaign:** CalOptima partnered with the HCA to help amplify its “Could it be COVID?” multilingual ad campaign about testing. We participated in an HCA press release [here](#) that announced the new campaign, and we posted HCA-created messages on our four social media channels. Further, CalOptima offered HCA bonus radio spots on La Ranchera 96.7 FM for additional Spanish-language announcements and included the HCA ad and message twice in our weekly COVID-19 electronic newsletter.

• **Teleworking:** CalOptima continues to consider how to protect our employees and plan for an eventual return to the office. As a first step over the next few months, CalOptima will fill nearly 70 permanent teleworking slots that are within the current Board-approved limit, thereby reducing the future census in the building. However, the executive team recognizes that significant short- and long-term modifications to our workspace will be necessary, including perhaps seeking approval for more permanent telework staff.

**Whole-Child Model (WCM) Marks First Year of Successful Integration**
July 1, 2020, marked the one-year anniversary of CalOptima’s WCM program, which delivers better care coordination and access to care for California Children’s Services (CCS) children and their families. Thanks to our effective partnership with the provider community, WCM experienced strong clinical results and positive feedback from participants. The program began with 12,317 members and grew almost 20% during the past 12 months to 14,652 members. Approximately 42% of all WCM members reside in either Santa Ana or Anaheim, and nearly all WCM members (93%) speak either English (51%) or Spanish (42%). There is some work to do to address CCS eligibility discrepancies and funding issues, and our finance team is focused on correcting the gaps with support from state associations. Thanks for your Board’s support during the launch and first year of operation.

**CalOptima Engages Orange County Congressional Delegation in Virtual Meetings**
In June, the Association for Community Affiliated Plans conducted its annual legislative advocacy efforts virtually this year, and CalOptima connected over the phone with five Congressional offices. I spoke with Reps. Lou Correa, Alan Lowenthal, Harley Rouda and Gil Cisneros as well as a staffer from the office of Rep. Katie Porter. The discussions ranged from the pandemic’s impact on provider funding and Medi-Cal policies to the availability of COVID-19 testing and mental health resources in our community. More recently, I was able to meet
virtually with the remaining members of our Congressional delegation, Reps. Linda Sanchez and Mike Levin, and the conversations covered similar issues.

**Health Homes Program (HHP) Phase 2 Focuses on Needs of Members With Mental Illness**
On July 1, CalOptima launched Phase 2 of HHP, which provides a new set of care management and coordination services to Medi-Cal members with serious mental illnesses. The goal of HHP Phase 2 continues to be the same as Phase 1, which is to promote access to the full range of physical, behavioral and social services for members with complex needs, and to empower them to play an active role in their health. Nearly 4,700 members are eligible to participate in Phase 2, and we estimate that 20% will enroll. Through July, 480 members enrolled in HHP during Phase 1, which includes members with certain chronic conditions and substance use disorders.

**Medi-Cal Rx All-Plan Webinar Begins the Preparation for January 2021 Transition**
In June, DHCS held an all-plan webinar about the upcoming transition to Medi-Cal Rx on January 1, 2021. The state reiterated its commitment to that start date and shared that system testing with pharmacy vendor Magellan Healthcare has begun. To gather input from health plans and associations, the state will soon release a draft All-Plan Letter that outlines managed care plan requirements after Medi-Cal Rx implementation and addresses a variety of issues at the plan level, such as policies and procedures, pharmacy provider networks, formularies, utilization management, and grievances and appeals. Regarding member communication, DHCS will provide managed care plans with call scripts that give members information about how to contact Magellan. Also, 90-, 60- and 30-day notices will be sent to members. While CalOptima has many reservations about this transition, we are particularly concerned about its impact on CCS members. Working through the CCS Advisory Group, we have asked the state to make several changes to the formulary specific to that population.

**DHCS Medi-Cal Audit Wraps Up With Draft Findings in Access to Care, Grievances**
The DHCS on-site audit of CalOptima’s Medi-Cal program as well as Medicaid-based services for OneCare Connect took place from January 27–February 7, 2020. DHCS reviewed an array of documents and data and conducted interviews with CalOptima staff as well as with a DHCS-selected delegate, Monarch HealthCare. On July 1, DHCS issued a draft report with preliminary findings in the areas of access and availability of care and the grievance system, and on July 7, DHCS and CalOptima met for an exit conference. After receipt of the final report, CalOptima will respond with a Corrective Action Plan. We will keep your Board informed about remediation efforts.
