

Blood Lead Test at 12 Months of Age

Eligible CalOptima Health Medi-Cal members can get a no-cost \$25 gift card for completing a blood lead test at 12 months of age!

Lead can be harmful to your child's health. Children exposed to lead often show no signs. A blood lead test is the best way to find out if your child has been exposed to lead. It's also an important part of your child's routine well-care visits.

Children should be tested for lead at both 12 and 24 months of age.

As a CalOptima Health Medi-Cal member, your child can get a blood lead test at no cost.

STEP 1

Talk to your child's provider about whether they need a blood lead test.

STEP 2

Complete a blood lead test between 12 and 23 months of age.

STEP 3

CalOptima Health will take care of the rest. There is NO form to submit!

If you have any questions about this member health reward, please visit us at www.caloptima.org/HealthRewards for more details.

You do not need to send this flyer back to CalOptima Health. Keep it for your personal records.

Disclaimer: You must meet **all** health reward eligibility requirements to qualify for your reward. It takes at least 8 weeks after we get the completed form or claim from your visit to process your reward. Rewards cannot be used to purchase alcohol, tobacco, firearms, gift cards or lottery tickets. Rewards have no cash value, and CalOptima Health is not responsible if they are lost or stolen. You may only be approved 1 time per calendar year for each health reward. Rewards are available while funds last. Rewards are not accessible after disenrollment from the plan. This program may change or end at any time without notice.
